

Braeburn[®]

Builder Series Digital Thermostats

The brighter choice[®]

Builder Series

1000 and 2000 Series

The Braeburn Builder Series provides a digital mercury-free alternative to mercury-bulb mechanical thermostats used in residential or new home construction. Whether it is a large tract project, semi-custom or custom home, builders want to offer their customers a reliable digital thermostat with a high quality appearance that offers increased accuracy and comfort.
